Rushikesh Gaikwad

Web Developer — MERN Stack Developer

📞 +91-9545862915 ✉ rushigaikawad66@gmail.com 🔗 Linkdin.com 🐙 Github.com 💼 Portfolio

Summary

I am a passionate MERN Stack Developer skilled in React, Node.js, Express, MongoDB, and REST APIs. My experience includes building collaborative and real-time applications, implementing engaging frontend interfaces, and deploying robust web services. I am eager to grow as a full-stack developer in a dynamic environment.

Experience

Full Stack Developer
Self-Driven Learning & Development (Remote) 2024 – Present

- Designed and developed multiple full-stack web applications, including a Remote Interview Platform, AI Finance Tracker, and AI-Enabled College Placement Management .
- Built scalable, modular, and reusable UI components with a focus on clean design and fully responsive layouts.
- Implemented RESTful APIs using Node.js and Express, and designed MongoDB schemas to support complete CRUD workflows.
- Tested and validated backend services using Postman, ensuring reliable API functionality and data integrity.

Education

B.Tech — Computer Science and Engineering
Government College of Engineering, Chhatrapati Sambhaji Nagar
Currently in 3rd Year — CGPA: 8.0 / 10

SKAP Jr College, Anwa (12th)
Percentage: 80% (2021–2023)

SSKGM Vidyalaya ,Panwodod (10th)
Percentage: 89% (2017–2021)

Certifications

NPTEL Soft Skills Certification
Communication, teamwork, professional workplace collaboration

Google Cloud Bootcamp Certified
Cloud fundamentals, deployment workflows, modern application environments

Solved 100+ LeetCode Problems

Skills

Frontend
HTML, CSS, Tailwind CSS, JavaScript, React.js, Next.js, TypeScript

Backend
Node.js, Express.js, REST APIs, Socket.IO

Databases
MongoDB, SQL

Programming
Java, Python, C,

Developer Tools
Git, GitHub, Postman

Problem Solving
Data Structures and Algorithms (DSA)

Projects

Remote Interview Platform   2025

- Developed a real-time coding interview platform with synchronized code editing and live host–participant collaboration using Socket.IO.
- Implemented REST APIs and deployed backend on cloud with optimized uptime and responsive- ness

AI Finance Tracker   2025
Personal finance tracker managing income and categorized expenses

- Designed CRUD workflows and summary insights for budgeting and spending trends

College Placement Management System 2025
Designed and developed a comprehensive AI-enabled college placement management platform to automate and streamline the end-to-end campus recruitment process for students, recruiters, and Training & Placement Officers (TPOs).
